

ChildNet Classes

1

Module One: A More Professional You

An overview of personal and professional conduct including information about confidentiality, work ethics, embracing diversity and on-going professional development.

2

Module Two: Creating Learning Spaces

Helpful information on using space, relationships, materials and routines as resources for constructing a safe, interesting, secure and enjoyable environment for children.

3

Module Three: The Growing Child

An overview of the ages and stages of child development that will help you become more aware of the individual differences in children.

4

Module Four: Activities for Early Learning

Discover interesting and engaging activities that young children will enjoy. Learn how to plan activities that provide quality, developmentally appropriate experiences.

5

Module Five: Keeping the Peace

Learn about appropriate and effective guidance techniques to use with the children in your care.

6

Module Six: It's Your Business

The key to a successful child care operation is in developing sound business practices. Learn about budgeting, policies, agreements, record keeping, conducting interviews, parent communication and more.

7

Module Seven: Reducing the Health Risks in Child Care

Learn how to cut down on the spread of illness and disease in your child care program. Successfully develop health policies that help protect you and the children in your care.

8

Module Eight: What's Cooking?

An introduction to your role in meeting the nutritional needs of the children in your child care program. Learn about family style meals, nutrition activities and fun snacks.

9

Module Nine: We All Belong

Increase your awareness of how young children develop their identity and attitudes about gender, race, ethnicity and physical abilities.

10

Module Ten: Invest in Yourself

A celebration to inspire and empower you, a professional child care provider, to invest in yourself both personally and professionally.
